MUSIC & TALK MEET THE STREET

Talk smart, stay cool

Bluetooth just got cool thanks to the Jabra STREET2. Not only does it look good, it sounds great. Finally a product that lets you listen to music from your mobile - without damaging your style!

Jabra STREET2 plays music from any enabled device such as mobile phone and and Mp3 player and maximizes the sound quality on music and calls with Virtual Surround Sound and Power Bass. Play, pause, skip - remote control your music without touching your mobile.* Yep, that's right - no wires!

No need for phone envy - keep it in your pocket! When a call comes in, your tune pauses and the call connects. A microphone in the dog tag picks your voice up, loud and clear. No hands, no missed calls.

The dog tag design keeps the wearing style simple. But if it doesn't fit your wardrobe, use the optional clip. Your belt, your bag, your pants - you choose the look, you choose the style.

Reasons to choose the Jabra STREET2

- Virtual Surround Sound and Power Bass
- Great sound with noise-blocking ear buds
- Automatically switch between music and calls

Quick Start Guide

Pairing the Jabra STREET2 to a Bluetooth mobile phone

Before you use your Jabra STREET2, you need to pair it with your mobile phone.

1. Your headset will automatically go into pairing mode when you turn it on the first time.
2. Set your *Bluetooth®* phone to 'discover' the Jabra STREET2. Follow your phone's user manual for Bluetooth connection.
3. Your phone will find the Jabra STREET2.
4. Your phone will then ask if you want to pair with it. Accept by pressing 'Yes' or 'OK' on the phone and confirm with the passkey/PIN = 0000 (4 zeros). Your phone will confirm when pairing is complete.

In case of unsuccessful pairing, repeat steps 1 to 3.

Manual pairing

You can manually put your Jabra STREET2 into pairing mode, if you want to pair with a second phone or *Bluetooth®* device:

- Make sure the STREET2 is turned off.
- Press and hold the answer / end button for approx. 5 sec. until the whole keypad turns solid Blue.
- Set your *Bluetooth®* phone to discover your headset as described above.
